**August 2006 - May 2009**

*the University of Colorado at Boulder's student-run newspaper.*

**Positions Held:** *Web Developer and Consultant, Editor in Chief, Managing Editor and Online Director, Multimedia Editor, Reporter*

✗ Spring 2008, **Managing Editor and Director of Web Design**, headed several design and editing positions including a multimedia editor, a graphic designer, cartoonist and four copy editors/Web updaters.

fully independent student publication. This transition included rebuilding Web site (switching from a free content management system), branding, logos, and advertising.

✗ As **Editor in Chief**, transitioned from a curriculum-based classroom environment to a curriculum-based classroom environment to a

✗ As a **Web Developer** utilized slideshow and video applications and trained new staff to be self-sufficient for future publications.

Experience

**Longmont Times-Call**

[www.timescall.com](http://www.timescall.com)

**January 2009 - May 2009**

Wrote stories and designed multimedia projects. Designed the Web space where several stories resided, including the *Our Community Review* annual magazine and the *Destinations* vacation guide.

**University of Colorado at Boulder Web Communications**

**Summer 2007 - May 2009**

Implemented content for many Web sites. Designed and implemented sites using CU-Boulder templates. Assisted with filming and editing including a video that was used by CNN. Logged several hours of footage with interviews and B-Roll from football games and alumni events. Completed a series of videos for CU's alcohol awareness program.

**Boulder Camera**

[www.dailycamera.com](http://www.dailycamera.com)

**Summer 2007**

Edited and produced videos to run on the Daily Camera Web site. Worked with an entertainment reporter to produce a Flash and video multimedia presentation. Worked with the Camera's online editor once a week to monitor online business chat where people would talk online with a local business owner.

Strengths

- ✓ Create multimedia presentations using audio, video, copy and Flash
- ✓ Work with a team to create projects and presentations for the Web
- ✓ Met all deadline requirements
- ✓ Analyze and assess the needs of projects

Education

**School of Journalism and Mass Communication, University of Colorado at Boulder**

*News-Editorial Sequence with a concentration in the Technology, Arts and Media Program*
